### **Introduction**

We have reviewed the accompanying interim condensed consolidated statement of financial position of Commercial Bank of Kuwait K.P.S.C. ("the Bank") and its subsidiary (together called "the Group") as of 30 June 2024 and the related interim condensed consolidated statements of income and comprehensive income for the three-month and six-month periods then ended and the related interim condensed consolidated statements of changes in equity and cash flows for the six-month period then ended. Management is responsible for the preparation and presentation of this interim condensed consolidated financial information in accordance with the basis of presentation set out in Note 2. Our responsibility is to express a conclusion on this interim condensed consolidated financial information based on our review.

### **Scope of Review**

We conducted our review in accordance with the International Standard on Review Engagements 2410, "Review of Interim Financial Information Performed by the Independent Auditor of the Entity". A review of interim financial information consists of making inquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with International Standards on Auditing and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

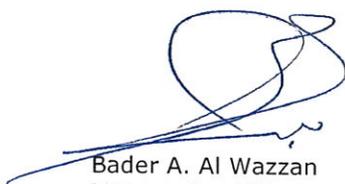

### **Conclusion**

Based on our review, nothing has come to our attention that causes us to believe that the accompanying interim condensed consolidated financial information is not prepared in all material respects in accordance with the basis of presentation set out in Note 2.

### **Report on other Legal and Regulatory Requirements**

Furthermore, based on our review, the interim condensed consolidated financial information is in agreement with the books of account of the Bank. We further report that, to the best of our knowledge and belief, we have not become aware of any violations of the Companies Law No. 1 of 2016 and its executive regulations, as amended, or of the Memorandum of Incorporation and Articles of Association of the Bank as amended, during the six-month period ended 30 June 2024 that might have had a material effect on the business of the Bank or on its financial position.

We further report that, during the course of our review and to the best of our knowledge and belief, we have not become aware of any violations of the provisions of Law No. 32 of 1968, as amended, concerning currency, the Central Bank of Kuwait and the Organization of Banking Business, and its related regulations during the six-month period ended 30 June 2024 that might have had a material effect on the business of the Bank or on its financial position.

## 12 FAIR VALUES OF FINANCIAL INSTRUMENTS

Fair value is the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair values of all financial instruments are not materially different from their carrying values. For financial assets and financial liabilities that are liquid or having a short-term maturity (less than three months) it is assumed that the carrying amounts approximate to their fair value. This assumption is also applied to demand deposits, saving accounts without a specific maturity and variable rate financial instruments.

The Group uses the following hierarchy for determining and disclosing the fair value of financial instruments by valuation technique:

Level 1: Quoted (unadjusted) prices in active markets for identical assets or liabilities;

Level 2: Other techniques for which all inputs which have a significant effect on the recorded fair value are observable, either directly or indirectly; and

Level 3: Techniques which use inputs that have a significant effect on the recorded fair value that are not based on observable market data.

**NOTES TO THE INTERIM CONDENSED CONSOLIDATED FINANCIAL INFORMATION**

30 June 2024 (Unaudited)

Financial assets and liabilities that are carried at amortised cost, are not materially different from their fair values as most of these financial assets and liabilities are of short term maturities or repriced immediately based on market movement in interest rates.

The method and valuation techniques used for the purpose of measuring fair value are unchanged compared to the previous reporting period.

The following table shows an analysis of financial instruments recorded at fair value by level of the fair value hierarchy:
